The city's first [Dîner en Blanc](#) (White Dinner) took place at the South Street Seaport on Thursday. Despite rain earlier in the day, the weather held out for the 1,000 attendees.

New York organizer Daniel Laporte said that, during the 23 years the dinner has happened, the crowds have always carried on regardless of inclement weather.

Here are some snapshots from the dinner, courtesy of [Michelle Young of UntappedCities](#).
