

New York **THE ABORTION PILL** GEEK

HOW-TO

New York Waxidermy

MADAME TUSSAUD'S will open an NYC branch this month, but before you contact the museum to offer up your own body to art—as folks regularly do—there's

something you should know: “The people who are eligible wouldn’t be calling,” says the museum. How does one become worthy of the wax?

- 1 Become famous, infamous or just influence world events.
- 2 “We don’t set out to find freaks,”

says the museum, but you should be interesting to look at.

- 3 Represent a particular field.
- 4 Be a New York personality like Mayor Giuliani, then ask yourself if it’s really worth it.
